COD: Chile

ALCOHOL: 14%

REGION: Maule

ACIDITY: 5.19 g/l

VOLUME: 750ml

RESIDUAL: 2.51 g/l

DESCRIPTION

This wine has all the elements needed to enter into the category of "great wines." This impressively concentrated Nebbiolo was modeled after the great Italian Barolo wines, although great care was taken to preserve its Chilean identity. We have crafted its style to obtain intense color and tame tannins without masking its varietal characteristics. We used a bit of Carignan in the final blend to help define the style of this new wine.

This is the first truly great Chilean Nebbiolo, and wine lovers worldwide will delight in its tremendous balance and elegance. It is very fruity and enjoyable today, but it will continue to improve as it ages in the bottle over the next ten years.
