DESCRIPTION

Luis Duarte makes terrific wine. He might be Portugals most famous winemaker, but most Portuguese wine isn't famous. Too bad, because he makes it look, and taste, good.

Maravista is a limited side project from Luis. We've sold almost everything else he produces, because it's good stuff. Maravista isn't too complicated and is meant to be drunk young. It is fairly bold and juicy for an inexpensive, quaffable wine, and we've been putting it on wine lists wherever we can.
