DESCRIPTION

Mano Negra stands for the black hands that vintners end up with when mashing up colour-intensive grapes. The Blaufränkisch and Cabernet Sauvignon grapes were coupled up for this cuvée whose wonderful cherry, cassis and dried prune aromas are very convincing indeed. This fruity concoction is rounded off by spicy herbal and peppery notes and a hint of gingerbread. The note of wood that our Mano Negra obtains by maturing in small used barriques is perfectly integrated into its beautiful palette of aromas. A southern type with a lot of charm, who impresses with velvety.
