DESCRIPTION

The red grapes used to make this wine come from vineyards in the area of Sant Cugat and El Pla. They are hand-harvested into plastic containers that hold up to 15 kg. After the grapes are removed from the stems, they are slowly and gently pressed to extract the must. The wine is aged for 6 months. Recently disgorged.

There were exceptional environmental conditions in this vintage year, resulting in a fresh, well-balanced wine that seduces the nose and palate with elegant notes of wild berries, pepper and a touch of chocolate and mocha.
